1995 Governor's CEO Roundtable Assembled

Diplomats attended the Second Annual Governor's CEO Roundtable Conference on economic development, Sept. 29 as part of the annual meeting, banquet and Passport-To-Nebraska football weekend.

According to Diplomat President Tony Raimondo, the CEO Roundtable provided a unique opportunity for Nebraska business leaders to examine why specific business decisions are made and what the state can do to better develop its global economy.

"Nebraskans' greater understanding of opportunities and challenges have contributed to the creation of alliances which are making a difference in Nebraska's ability to be globally competitive," said Raimondo.

Approximately 250 Nebraskans attended the CEO Roundtable Conference.
